Flannagan was near Koehler when a larger car overtook him and "sideswiped" his machine. MOTORIST SHOT IN HOLDUP

Haskins was wounded in the abdomen and his right ear shot off in the exchange of shots which followed his refusal to comply with the demands of the bandits.

The party was returning from Seagirt when the hold-up car blocked the road and four men ordered the party to hand over their valuables. One of the bandits was wounded in the fight. As he fell, his three companions jumped into their car and fled.

Both Haskins and the bandit were taken to the Spring Lake Hospital.

BROKE TWO HEARTS.

"Male Vampire" of Baltimore Was Engaged to Virginia Girl.

Baltimore, Md., July 21.—Frank D. Schultz, alleged "male vampire," on whom Miss Bessie L. Pick, 917 North Gilmor street, is said to have spent the $9,673.14 which she embezzled from her employers, broke two hearts when he became enmeshed in the law. The other heart belonged to a girl of Tidewater, Va., who had been engagged to Schultz, and was waiting for him to claim her as his bride, say the police.

Although Schultz did not know it, his fiance from Virginia gazed upon the man she expected would be her husband as he was arraigned before Justice Supplee in the United States Court yesterday afternoon. She heard Miss Pick tell of her love for Schultz and her relations covering a period of nearly a year. It was then she learned Schultz had been untrue.

The girl, they say, learned through the newspapers that Schultz had been arrested, and came here with her brother.

She had met Schultz, she said at her home town of Tidewater about four years ago. He was a traveling salesman, but he came often to see her. About two years ago, they became engaged. The time for the nuptials, she firmly believed, was drawing near when she read of Schultz's arrest.

CITY NOT LIABLE OPINION OF COUNSEL

Involves Right to Collect for Damages Done by Fire Apparatus

PAY FIREMAN'S BILL

Council to Hold Another Meeting Friday Night to Pass on Resolution to Borrow $10,000 For Gas Works

The city is not liable for damages done by its fire apparatus. This is the substance of an opinion given to the City Council by Corporation Attorney H. Noel Garner which was submitted last night when the claims of two persons were presented for damages done to their machines by fire apparatus. Attorney Garner also held that the city cannot be held responsible for injuries sustained by firemen.

Following the reading of the report the committee on claims made an adverse report on two claims pending for damages done private automobiles by fire apparatus April 17, 1920.

The joint committee on finance and fire, however, recommended that an appropriation of $115.25 be made to Leonard Ford, a volunteer firemen, to pay his hospital and medical bill for injuries sustained in a fire at the Mount Vernon Garage December 4 1919 and its report was adopted.

Adams is reported to have had a quantity of moonshine whisky in his possession. DEMAND BRYAN RUN

Delegates Plan Stampede for Nebraskan at Lincoln Convention Today

Lincoln, Nebr., July 21.—Leaders in various delegations to the Prohibition national convention last night declared they will go into their first session today determined to name William Jennings Bryan as their presidential nominee, despite the fact that they have received word indirectly from Mr. Bryan that he does not want the nomination and does not consider it advisable for the party to place a ticket in the field.

Besides the usual dry planks, the platform committee will have before it proposed planks on several other subjects. Among these will be planks advocating public ownership of railroads and public utilities, a world tribunal to settle international disputes, "friendly cooperation" with Mexico rather than "hostile interference" Federal antilynching laws and one dealing with labor problems.

Warren S. Stone, grand chief of the Order of Railway Engineers, has prepared a labor plank which will be presented to the committee.

Denver, Col., July 21.—Colorado's delegate to the national prohibition convention will carry a plank calling for prohibition of the manufacture and sale of tobacco products, it was declared at the State convention here Monday night.

PREACHER ARRAIGNED.

Wife Brings Serious Charge Against Him and Files Bill for Divorce.

Los Angeles, July 21.—Rev. John W. Greathouse became the center of the divorce mill spotlight here when his wife brought suit for a termination of their marriage ties, alleging, on the part of her husband, affairs with at least twelve women in four states. The Greathouses were married in Louisville March 7, 1905.

Mrs. Josephine A. Greathouse, in her complaint, charges her husband with intimacy with numerous women since July, 1907. He met these women, she says, in Los Angeles, Birmingham, Ala., Tina, Mo.' and in Illinois. Her complaint alleges specifically intimate relations with other women as well as "extreme cruelty." The Greathouses separated June 24, this year. They have two children. Ralph, fourteen years old, and Clyde, eleven' residing with the mother.

Rev. Mr. Greathouse has held temporary pastorate in California, Alabama, Missouri, Illinois and Texts She specifies two other instances, in Algbama and Los Angeles, names of the women being unknown to her. Mrs. Greathouse complains that in 1919 her husband confessed to her these alleged relations, "holding himself before the world a minister of Christ, meantime." She says a number of fellow clergymen heard the confession, but passed it over when the Rev. Mr. Greathouse promised to reform. But, she says, he didn't reform, instead he became cruel, compelling a separation.

He, it is alleged, also indulged in vile profanity, the outbreaks being directed at Mrs. Greathouse. Further, the complainant avers, he said, "I wish you were dead, so I could marry my sweetheart. I will as soon as you die. I wish I hadn't married a doctor's bill. Mrs. Greathouse asks a division of community property valued at $10,000, custody of the children and alimony.

AWARDED $600,000,000

Union Railroad Men Not Satisfied With Board's Allowance

Chicago, July 21.—Union railroad men are not satisfied with the wage award made yesterday by the United States Labor Board. They are debating whether they should accept it as "the best they can get under the circumstances" or reject it and strike to enforce their demands.

The award grants an aggregate pay increase of $600,000,000 a year, or a raise of 18 to 27 per cent for the men. The workers had asked an increase of 60 per cent. Part of the sting is taken out of the award by the fact that it is retroactive to May 1. This is having some influence on the deliberations of the men.

As soon as the award was granted heads of the unions went into session to consider it. They adjourned two hours later to meet with the separate crafts who are still in session and continued their discussions during the night.

Another meeting of the union chiefs will be held today when they will go over the opinions of the men as expressed at tonight's sessions. After that meeting an official statement will probably be issued setting forth the opinion and position of the unions.

The American public, in increased freight and passenger rates, will be compelled to pay the $600,000,000 increase in pay.

This was made clear yesterday when it became known that the Interstate Commerce Commission already had taken under advisement the award to the railway workers.

NEGRO SHOOTS SISTER

Fredericksburg, July 21.—A tragedy occurred in a colored family near Marye, Spotsylvania County, resulting in the death of a colored girl Mary Johnson, aged 14 years. The girl was lying down when her brother, Lecien Johnson, aged 25, entered the room and told her to get up off of the bed. The girl did not comply and her brother got a pistol and deliberately fired at the girl, wounding her severely.

Dr. Roderick Dew was summoned and recognizing the seriousness of the case, brought the girl to the Mary Washington Hospital here, where she died a few hours after her arrival.

Johnson has been lodged in jail here It is said that Johnson killed another of his sisters under similar circumstances two years ago, but it was then believed to have been accidental.

Waynesboro Woman Beats Lift Out With Rocks

Waynesboro, Pa., July 21.—Michael Weaver, who resides at the old tollgate on the State road, west of this city, had an unexpected and unwelcomed visitor at his home Saturday afternoon. It was a four-foot black snake, stretched out in the upper hallway of his dwelling. The reptile was discovered by one of Mr. Weaver's children, who ran down and called her mother.

Armed with an apronful of rocks Mrs. Weaver advanced to the attack and the intruder was quickly put out of commission. She shoveled up the dead snake and tossed it out of the window.

2,000 STRIKE IN STUDIOS

Tie-up Cripples All New York Film Plants—Cuts Production 20,000,000 Feet a Week

New York, July 21.—More than 2,000 moving picture workers employed in studios and laboratories in New York and vicinity went on strike yesterday, tying up or crippling a score of film plants.

The reason given for the walkout is the failure of the National Association of the Motion Picture Industry to meet the demands of the workers for increased wages, shorter hours and recognition of the union.

Union leaders threaten to spread the strike throughout the country and include cameramen, machine operators, stage hands and others employed in the "movie" industry.

All film laboratories in the metropolitan district are affected by the strike, union leaders declared, adding that the walkout will mean the curtailment of film production by at least 20,000,000 feet per week.

SHOOTS WIFE AND THEN KILLS SELF

Henry Foster Colored, Dies Shortly Afterward at Hospital

FOLLOWS A QUARREL

Woman Flees From House After First Shot—Husband Pursues and Returns and Shoots Self in Head

After shooting and probably fatally wounding his wife, Mary Foster, colored, about thirty-three years old, Henry Foster, colored, about thirty-five years old, then turned the pistol on himself and fired two bullets into his brain and died half an hour afterward at the Alexandria Hospital. The condition of his wife is critical. She has two bullet wounds in her abdomen.

The shooting was the culmination of a quarrel between the husband and wife and took place at their home on the south side of Cameron between Patrick and Henry streets shortly before 10 o'clock this morning.

Considerable excitement was created in the neighborhood and it attracted a large throng of spectators.

Foster used a .38 calibre revolver which was clutched in his hand when he was found by Chief Goods and members of the police department lying on his back across the bed in a back bedroom of their home. Foster was unconscious and was covered with blood. Five chambers were empty. It is thought that he fired three shots at his wife, two taking effect and the other two he used on himself.

The shooting started in the house and the woman after receiving the first shot ran from the house into the street going to a neighbor's yard, and Foster, say witnesses followed her into the street and fired one more shot. She dropped in the yard of the neighbor and was rushed in a ma-

WILSON'S RIGHT TO VETO

Secretary Bainbridge Colby Cited to Answer in District Court on Monday

Washington, July 21.—Chief Justice McCoy of the District Supreme Court issued a rule yesterday requiring Bainbridge Colby, Secretary of State, and Henry J. Bryan, editor of laws in the State Department, to show cause next Monday why they should not be compelled to promulgate as law the peace resolution with Germany, passed at the last session of the Congress and vetoed by President Wilson.

The order of the court is based on a petition for mandamus filed last Saturday by Henry S. McCartney, a lawyer of Chicago, who sued in his capacity as a taxpayer.

He contended that the President had no authority to veto a joint resolution of Congress, and that the resolution, became a law upon its passage by the two houses of Congress.

KILLS COPPERHEAD

Freeling, Va., July 21.—Little five and-a-half-year-old Charley Todd went playing down the road from his home on Pound river last Sunday, and after an absence of only a few minutes be returned in a state of considerable elation "I have killed a copperhead" he stammered almost breathlessly. Then, insisting so strenuously for somebody to go and see the snake, a member of the family accompanied the little tot, and to his surprise, found that he had actually killed an unusually large snake of the species locally known as the "copperhead." He had used rocks in the exercise of his ancient prerogative, and had well battered the venomous reptile.

"That's Pretty Good Stuff, Mom!"

—"I like it. And Cora! Do you know since I've been taking Nujol I've been feeling fine. The fellows say I'm showing real zip on our team now."

—"Yes, indeed, Son, and you look so much better. It is because Nujol has enabled your intestines to eliminate the poisonous waste regularly and thoroughly."

—"But don't castor oil, pills, salts and other things do the same thing, Mother?"

—"No. As the doctor explained, these drugs whip the bowels into unnatural action and they cause irritation and weakness eventually. Eventually the system becomes so used to them that it won't work at all without the use of one of these cathartics."

—"Well, where's the diff, Mom, between them and Nujol?"

—"Why, Nujol works on an entirely different principle.

—"Instead of forcing or irritating the system, *it simply softens the food waste.* This helps all those tiny muscles in the walls of the intestines contracting and expanding as they should, to squeeze the food waste along and out of the system."

—"Oh, I see. And does it make the bowels stronger?"

—"Exactly. It assists them back to normal action."

—"If you have any difficulty with constipation when you are away at school next year, remember what I have just told you. Nujol will always help you."

—"Righto, Mom! I'll remember it."

REDS REJECT PEACE.

lshevist Hordes Get Rich Harvests in Poland.

London, July 21.—The reply of the Russian Soviet Government to the British note concerning an armistice with Poland rejects in substance the British peace proposals, according to the London Times, which Sunday published a summary of the Soviet answer.

The document is a very lengthy one and the Times assumes that it will soon be published by the government

The Bolsheviki declines to come to London for the suggested Peace Conference according to the Times, because they say Great Britian is not impartial. They also object to the admission to the conference of delegates from the Baltic States, saying Russia already has made peace with them.

As to Poland, the Bolsheviki government points out that the proposed armstice line is unfair to Poland and that with direct negotiations the Bolsheviki are prepared to grant Poland a much more favorable frontier

The Bolshevik reply refuses flatly to entertain any conditions regarding the forces of General Wrangel and the refugees in South Russia, and demands the unconditional surrender of these.

FLAMES SWEEP VILLAGE.

Many Homesless as Fire Burns Tenement District Near Baltimore.

Baltimore, Md., July 21.—With fire raging over more than fifteen acres of the industrial and residential settlement at East Brooklyn, Wagners Point, and threatening to wipe out the town, an epidemic of six smaller fires broke out yesterday afternoon in downtown sections. The fire department was so hard put for apparatus it was necessary to draw pieces from one of the larger blazes to put down the smaller ones.

The fate of the fire at Wagners Point was in theihands of the weather a late hour last night. If high winds blow the burning oil to the east, the 50,000 gallons of oil in tank No. 101 will go up and engulf the community. Predictions were that the present variable winds from the south,now covering the city with a black pall, will hold.

Forced from their homes by this fire, several hundred families are encamped in the fields with parts of their household effects. The suffering of these people is intense, for almost all of them have been without food for more than twenty-four hours.

WIFE LASHES MILLINER.

Cumberland, Md., July 21.—Angered by attention her husband is alleged to have showered on Miss Marguerete Himmler, a pretty young clerk in a downtown millinery store, Mrs. Anne Wilson lay in wait for the young woman Sunday night, sprang out from a doorway and belabored her with the long, stinging whiplash. Miss Himmler was severely bruised about the face and body.

Friends of Miss Himmler are indignant Mrs. Wilson refused today to talk of the affair except to say that she "did only what she thought was right."

FIRST BATTLE OF BULL RUN

Today, July 21, is the fifty-ninth anniversary of the first battle of Bull Run, in which many Alexandrians participated, some of whom fell in the fierce clash which brought victory to the Confederate arms.

The din of this engagement was plainly heard in Alexandria. The report of the cannon was suggestive of a far-away thunder storm, and the generation then living were anxious almost beyond endurance, realizing that their loved ones were participating in a conflict the outcome of which was uncertain.

The cannonade continued throughout the afternoon, and it was not until next day, Monday, July 22, that it became known that the federal troops had been driven back in disorder. Thousands of federal soldiers, dirt-begrimed, hungry and with their morale shaken, filled our streets and told of the reverse they had suffered.

The description of scenes in Alexandria incident to the retreat of the federal troops have often been written. But few citizens remain who were eye-witnesses of events here fifty-nine years ago. Alexandrians who participated in that battle and who have so far escaped the scythe of the great reaper can almost be counted upon one's fingers.

George Wise in his interesting book, "Campaigns and Battles of the Army of Northern Virginia," gives a graphic description of the first battle of Bull Run. He also gives thrilling incidents especially interesting to Alexandrians. He says: "When the fire was the hottest during the second attack by the federal General Longstreet ordered Captain Morton Marye, in command of the Alexandria Riflemen, to "Clean those scoundrels out!" As the boys of this company, with a shout, plunged into the stream, the general, baring his head and rising in his stirrups, sang out: "Three cheers for the Alexandria Riflemen!"

In the words of the principal actor, Private A. D. Warfield of the Alexandria Riflemen, the following incident is given, an incident that occurred while the company was so gallantly charging the enemy. He says: "The order was promptly obeyed; the company crossed the Ford with a yell; upon reaching the opposite bank, Captain Marye ordered the company to deploy as skirmishers and advance. About 150 yards from the stream we came upon the skirmishers of the First Massachusetts Regiment stationed behind trees, bushes, etc., At once attacking them, we had a very nice time, killing 16 of them and taking some 20 prisoners. We were all tangled up together, and the only way to distinguish one from another was by the "U. S." on the Yankee breastplates. In the conflict I ordered a Yankee to surrender, but he refused. I grabbed him by the collar, my gun being empty and his loaded, he cut my head with the barrel of his gun. Being in too close quarters to use our arms, we clinched, and in the struggle rolled down the hill into a spring-branch. Yank on top and myself in the mud and water,—face down. I was only relieved from my disagreeable position by E., of the Loudoun Guards, who came up at the time and gave Yank his bayonet in the left side. At this, Yank cried out: "Good God, Captain Hall, come here!" But I told him that his hide had gone up, and that Captain Hall could do him no good. I then took him to General Longstreet who, after finding out who he was, said to me: "Well done, old fellow! this is the first prisoner go back and get another." Which command I respectfully declined, as things were waxing warm just about that time."

AUTO MISHAPS.

Accidents to automobilists are of daily occurence. They are bringing sorrow to households in every section of the country. In some cases entire families are wiped out almost in the twinkling of an eye when cars are struck by railway trains.

But few fatal mishaps, however, have occured to Alexandrians since the advent of the automobile, although we have had our quota of less serious accidents.

But the fact that three smashes have occured within a week to machines operates by people of this city shows that what happens elsewhere it likely to happen here.

That recent mishaps to autoists of this city have not placed crape upon any of our ddors should be a source for thanksgiving by those Providence has favored.

Alexandrians last week narrowly escaped death in the vicinity of Aurora Hills, a short distance north of Alexandria, when the automobile in which they were seated ran off the road and it is said turned over three times. One of the occupants was at first believed to have been seriously injured. He, however, soon recovered from shock and bruises and is out again.

The second accident to Alexandria autoists occured near Frederick, Md., last Sunday and, from all accounts, their escape from death was miraculous. Their fate at first seemed inevitable, as the car, a mass of debris and burning fiercely, had pinned them to the earth. But fortune favored the party and they were rescued from an awful death, although a woman who was in the car at the time was seriously hurt. The third occured just outside the city limits yesterday afternoon when two limousines crashed together. Fortunately the injuries to those in the machines will not prove fatal.

It is hoped that persons driving autos will heed there warnings and take no risks in future

BURIES MINERS ALIVE.

Rescuers Work to Save Entombed Men 500 Feet Below Surface.

Pittsburgh, Pa., July 21.—Niners are entombed following an explosion in the mine of the Union Collieries Company at Renton, eighteen miles from here.

It is hoped the men are still alive and every effort is being made to reach them before they die a slow death of suffocation, more than five hundred feet below the surface.

The missing include three fire bosses, three pumpers and three laborers.

As soon as the cage of the mine was repaired late today, a mine rescue worker, carrying a canary bird was lowered into the shaft a distance of more than five hundred feet. He was pulled up in ten minutes, and as the bird showed no ill effects from the trip, members of the rescue crew said the mine was free from gas and fire. They explained that the bird was used as a gas and fire test

A Day of Pleasure

Where is Old Blue Monday?

Do you know, there are thousands of homes where "Blue Monday" is now Bright Monday? And they are homes where the women do their own washing; other people's washing, too, for that matter.

How can wash day be a bright day? Mighty easy—by using the easy Clean Easy method of washing. In ten minutes, without scrubbing or rubbing and for only a few cents, an average week's washing is done! The only way in the world it can be done is by using Clean Easy Naptholeine Wash Soap according to directions printed on the wrapper.

Here they are in short: Soak the clothes overnight; cut up ½ bar of Clean Easy and dissolve it in 4½ gallons of water. Boil and stir the clothes in this for 10 minutes. Rinse, blue and dry.

You'll have the cleanest clothes you ever saw. Everything sterilized, too, and free from disease. It's a wonderful way to wash clothes—and the very best way, too.

Ask your grocer for a bar of Clean Easy—one bar lasts two weeks. Notice how different it looks from other soaps.

WED TO FATHER

Baltimore, Md., July 20.—An unusual story is told in a bill of complaint filed in circuit court No. 2 yesterday by Anna Belle Jones, through Archey C. New, attorney, for the annulment of the marriage to William M. Jones.

The case is that of a wife and mother who says that she has learned that her husband—the father of her two children—whom she supposed to be her stepfather,, was her real father, and that his improper conduct toward her younger sister caused the latter to leave thier home.

Mrs. Jones declares in the bill that before her marriage she lived with her parents without being aware of her supposed stepfather's identity. Another unsual feature of the story is the assertion of Mrs. Jones that the revelation of her supposed stepfather's identity came to her in a dream. Two children were born of the marriage, boys, 8 and 3 years old, who are said to be entirely normal and healthy.

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at $1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handsome brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about $150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of $16,000. The prices on the above properties are low under any and all conditions.

MOVIES

RICHMOND—Marguerite Clark.

There is some justice and balance in the old world after all. On the one hand we have the H. C. of L., strikes, and other afflictions to worry us, and on the other we are given joy-bringing folks like Marguerite Clark to make us forget our troubles. Miss Clark has been displaying her charming talents on the screen for several years now in a wide variety of roles. Lately she has been confining her efforts to light romantic comedy. If "Luck in Pawn," her latest offering, which comes to the Richmond Theatre this evening, is any criterion, our personal vote is that Miss Clark continue to appear in this type of drama the rest of her movie life.

Don't look for anything profound or thought-compelling in "Luck in Pawn." It offers no cure for Bolshevism or sustitute for the League of Nations. It is just a whimsical little story for entertainment purposes only.

SHOOTS WIFE AND THEN KILLS SELF

(Continued from Page One)

chine to the Alexandria Hospital by Raymond Catts and Harry Hinkon. The police conveyed Foster to the hospital in the police ambulance.

The body of Foster was removed to Wheatley's mortuary chapel where an inquest will be held by Dr. T. M. Jones coroner. Before setting a date however, the coroner, will await the injuries sustained by the woman. Just before being placed in the operating room the woman stated that the double shooting was the outcome of a quarrel.

Foster did not shoot himself say the neighbors until after his wife had been carried to the hospital. Foster then calmly walked up stairs and going to the back bed room of the house placed the revolver to his temple and fired two shots through his brain. He fell across the bed and was found by the police covered in a pool of blood. He was lying on his back and the weapon was clutched in his right hand. The police procured a stretcher and rushed him in the police ambulance to the hospital.

Good Light Lightens' Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
